

**Newark Street Community Garden Association
Spring 2018 Meeting
Tenleytown Library Conference
April 28 10 am to noon**

1. Membership update

2. Treasury report

3. Service positions

4. Proposed rules updates and changes

a. Limit size of garden fence uprights other than gates.

Background: There have been a couple of cases where 4x4 timbers were used to build garden enclosures, creating a different character for the garden. A 2x2 rule would limit the uprights to smaller wooden poles and metal stakes.

b. Rule with proposed changes in bold.

Rule 2.6: Fences erected around garden plots must be no higher than 6 feet and be easily removed when the gardener relinquishes his membership. Fences also should be made of materials that pose minimal danger to birds and blend with the environment, **including vertical supports no larger than 2 inches by 2 inches. Gates may use larger supports.**

5. Miscellaneous

6. Work day after meeting:

- New gardener orientation
- Compost
- Trash pick-up
- Beautification plots
